
10x10 Cabinet Layout Comparison

A 10x10 sample layout uses two adjoining 10-foot walls. Supplier cabinet lists vary. Your room requires its own verified plan.

Customer / project: _____

Understand the advertised package

- ☐ Request the sample drawing and itemized cabinet list.
- ☐ Compare cabinet sizes, quantities, and configurations.
- ☐ Confirm the cabinet line, finish, and hardware.
- ☐ Check whether cabinets arrive assembled or RTA.
- ☐ Identify which finishing pieces are included.

Compare your project

- ☐ Check windows, doorways, plumbing, and appliance openings.
- ☐ Identify changes needed to fit your measured room.
- ☐ Separate cabinet costs from labor and other project work.
- ☐ Confirm delivery, tax, availability, and quote validity.
- ☐ Request a quote for your actual layout before ordering.
