Cabinet Quote Comparison Worksheet

Give suppliers the same room information and layout. Compare products and scope before comparing totals.

Customer / project: _____

Match the products

- ☐ Use the same cabinet layout and quantities.
- ☐ Compare cabinet widths, heights, depths, and configurations.
- ☐ Request material and construction specifications.
- ☐ Check hinges, slides, shelves, and accessories.
- ☐ Match finish selections and finishing pieces.

Match the services

- ☐ Separate assembly from installation.
- ☐ Confirm the scope for fillers, panels, trim, and handles.
- ☐ Include delivery and taxes in the comparison.
- ☐ Compare availability, estimated timing, and quote validity.
- ☐ Review warranty, payment, return, and reporting terms.
