
Cabinet Design Appointment Checklist

Bring what you have and label missing information. Measurements and appliance requirements must be verified before the order is finalized.

Customer / project: _____

Bring your project information

- ☐ A labeled room sketch and measurements in inches.
- ☐ Photos of every wall and adjoining spaces.
- ☐ Appliance model numbers and installation specifications.
- ☐ Sink specifications, if selected.
- ☐ Utility locations and planned room changes.

Bring your goals and questions

- ☐ A storage wish list and measurements of large items.
- ☐ Style inspiration and finish preferences.
- ☐ Samples or photos of materials you are keeping.
- ☐ Budget with cabinet and other project costs separated.
- ☐ Target timeline and installer information, if available.
- ☐ Existing drawings or itemized cabinet quotes.

Questions / follow-up
